

# Global Conference on Person-Centred Care: Knowledge(s) and Innovations for Health in Changing Societies

## First call. Invitation to Gothenburg, Sweden 13-16 May 2024

Welcome to the first Global Conference on Person-Centred Care, that will take place in Gothenburg, Sweden, from May 14th-16th, 2024. Optional pre-conference workshops will be offered lunch to lunch from the 13-14th May, followed by the full programme of the main conference from noon on May 14th to noon on May 16th.

The aim of the conference is to provide an arena for various stakeholders with an interest in furthering person-centred care practice, innovations, perspectives, and knowledges. The conference will platform explorations and accounts of person-centred care as related to

several interdisciplinary and interprofessional fields, including integrated care, comprehensive care, and personalised health founded on partnerships, transcending healthcare practices and organisations, as well as policy and structural levels.

The conference will thus be of interest to health professionals from across the globe, patient and family carer representatives, researchers and students from various disciplines, leaders and decisions-makers in healthcare and health policy, as well as the healthcare industry. The conference will operate as a hybrid event, with condensed virtual sessions offered to those unable to attend on-site.

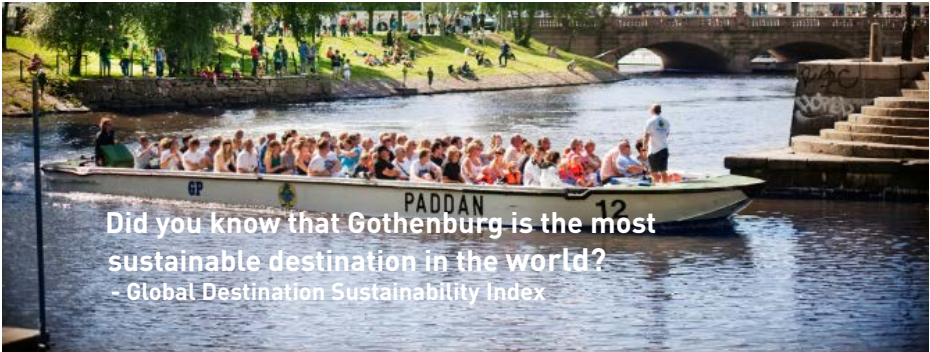

CENTRE FOR PERSON-CENTRED CARE  
GPCC

Keynotes and parallel streams will strive to synthesise and bridge a diversity of perspectives and knowledges in approaches to person-centred care.

Proposed presentations may consist of: empirical research, theoretical inquiries, methodological developments, practice-based examples, pedagogical approaches, and art and media. Presentation formats include: oral presentations, poster presentations, symposia, and workshops.

Key note speakers and details on abstract submissions will be announced in the second call on June 1st, 2023. Deadline for abstract submission will be **September 10th**, followed by a second call for abstracts, which will be limited to poster presentations, with deadline by the end of 2023.

Did you know that Gothenburg is the most sustainable destination in the world?  
- Global Destination Sustainability Index

## Memorable moments in Gothenburg

Situated in the heart of Scandinavia, on the west coast of Sweden, Gothenburg combines distinct charm with the pulse of modern urban life and creative atmosphere.

### Open spaces

With the city's coastal location, you can easily explore the tranquil archipelago. Would you rather stay in the city, nature is always close in Gothenburg.

### Gastronomic brilliance

No wonder food lovers feel right at home in Gothenburg. Here you'll find

excellent fish and shellfish, innovative kitchens, hip food trucks and Michelin-starred restaurants that use the finest locally grown produce.

### Congress venue

The Swedish Exhibition & Congress Centre and Hotel Gothia Towers, has a great location in the city centre - with only walking distance to restaurants, parks, shops and attractions.
